This communication is in reply to a Notice under 37 CFR 1.251 mailed on September 1, 2005, initiating the reconstruction of the above-referenced patent application file. The statutory period for reply to this Notice expires on March 1, 2006. Accordingly, this reply is timely filed.

The undersigned hereby states that the copies being submitted with this Statement are a complete and accurate copy of applicant's records of all correspondence between the Office and the applicant for the above-referenced case.

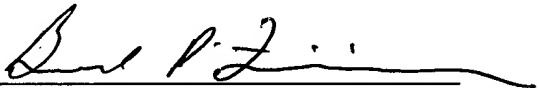

The issue fee was paid for this application and was received by the Patent and Trademark Office on April 2, 2004. This application is in condition to issue. It is respectfully requested that the Issue Notification be transmitted in the near future.

Please note that the original PTA due this application was incorrect and a Request for Reconsideration of Patent Term Adjustment Determination was filed on February 20, 2004, prior to payment of the issue fee. Please recalculate PTA based on the specifics set forth in that communication and add the number of days to account for the delay caused by the loss of the file by the United States Patent and Trademark Office.

It is believed that there are currently no fees due for this application. However, if the Patent and Trademark Office determines that any fees are due, the Commissioner is hereby authorized to charge any fees which may be required regarding this application to Deposit Account No. 50-2350.

Respectfully submitted,
